To the Community of Mediterranean Universities Network

Subject: PhD Positions Available in the 39th Cycle at the University of Bari ‘Aldo Moro’

Dear Colleague,

The University of Bari is pleased to announce the opening of 366 PhD Scholarship in 29 doctoral schools for highly motivated and talented individuals to join our research teams. This is an extraordinary opportunity for aspiring researchers and scholars to become part of our esteemed institution and embark on a transformative doctoral journey within a diverse and intellectually stimulating environment.

At **UNIBA**, we are committed to pushing the boundaries of knowledge and innovation research. As a PhD student in our University, you will have the chance to work alongside leading experts in the field and participate in groundbreaking research projects. We are looking for candidates with a strong academic background and a genuine passion for scientific and applied research.

To apply for these positions and obtain detailed information about the application process, please visit our official website https://www.uniba.it/it/ricerca/dottorati/dottorato-ricerca-39-ciclo-aa-23-24/bando-di-concorso-39deg-ciclo-a-a-2023-2024/xxxix-cycle_call-phd-selection-a-y-2023_2024.pdf/view.

The deadline for submissions is 20/07/2023. We encourage candidates from the **Community of Mediterranean Universities** from every background and discipline to apply, as we believe that encouraging student’s mobility between our institutions will increase scientific cooperation and make CMU network stronger. We also kindly request your assistance in sharing this announcement with potential candidates who may be interested in this unique opportunity. Should you have any inquiries or require further information, please do not hesitate to get in touch with Dr Silvana Sirico (silvanamariel.sirico@uniba.it).

Thank you for your support in spreading the word about these PhD positions. We look forward to welcoming passionate and talented individuals to the University of Bari, where they will embark on an enriching and transformative doctoral journey in the field of research.

Sincerely,

Alessandro Rubino
Vice Rector for International affairs
